

Customized Battery Pack 36V 8Ah Lithium Ion Battery Pack Blue Type For Electric Bike

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: China
- Brand Name: enook
- Model Number: Lithium Ion Battery Pack

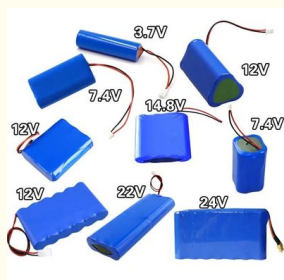

Product Specification

- Voltage/Capacity: 12V 24V 36V 48V 60V 72V 45Ah
- Certifications: CE, FCC, RoHS
- Self-discharge: 30 Days ≤5% In 25
- Model: Customized Battery Pack
- Weight: Customized
- Type: Lithium-ion
- Highlight: Customized Battery Pack,
Electric Bike Battery Pack, 36V Battery Pack

Product Description

Product Description:

Customized Battery Pack

The Customized Battery Pack is a modifiable and customizable energy pack designed to meet the specific needs of different applications. With a wide range of voltage and capacity options, this battery pack offers flexibility and versatility for various energy storage requirements.

Voltage and Capacity Options

The Customized Battery Pack is available in 12V, 24V, 36V, 48V, 60V, and 72V options, providing a wide range of voltage choices to suit various power requirements. Additionally, the battery pack boasts a large capacity of 45Ah, ensuring long-lasting and reliable power supply.

Self-discharge

The Customized Battery Pack has a self-discharge rate of $\leq 5\%$ in 30 days at 25°C, ensuring minimal energy loss when the battery is not in use. This feature makes it ideal for applications that require intermittent use of power.

Model: Customizable Battery Pack

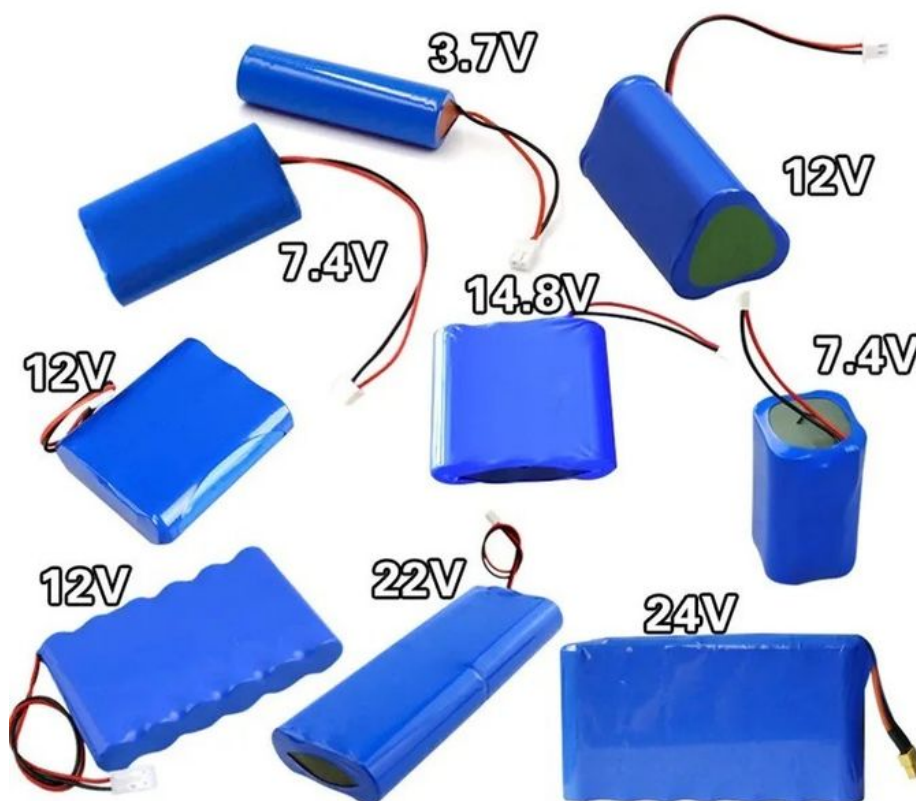

The Customized Battery Pack is a highly customizable energy storage solution that can be modified according to the specific requirements of the application. This model allows for flexibility and adaptability, making it suitable for a wide range of industries and uses.

Certifications

This battery pack is certified by CE, FCC, and RoHS, ensuring that it meets the highest safety and quality standards. These certifications guarantee the reliability and safety of the Customized Battery Pack, making it a trusted choice for energy storage needs.

Weight: Customized

The weight of the Customized Battery Pack can be customized according to the requirements of the application. This feature allows for better integration and installation, making it suitable for a wide range of devices and systems. With its modifiable and customizable design, wide range of voltage and capacity options, low self-discharge rate, and certifications, the Customized Battery Pack is a reliable and versatile energy storage solution for various industries and applications.

Features:

Product Name: Customized Battery Pack

Certifications: CE, FCC, RoHS

Voltage/Capacity: 12V 24V 36V 48V 60V 72V 45Ah

Type: Lithium-ion

Self-discharge: 30 Days $\leq 5\%$ In 25°C

Weight: Customized
Customizable Energy Pack
Modifiable Battery Pack
High Quality Cell
Compact Design
Long Life Span
Energy Efficient

Applications:

Customized Battery Pack - enook

enook Customized Battery Pack is a customizable energy pack designed and manufactured in China by enook. As a leading brand in the industry, enook is committed to providing high-quality and reliable battery solutions for various applications.

Application Scenarios

With its compact and portable design, enook Customized Battery Pack is suitable for a wide range of applications, including but not limited to:

Outdoor activities such as camping, hiking, and fishing

Traveling and commuting

Emergency power backup for home and office

Power supply for electronic devices such as smartphones, laptops, and cameras

Industrial and commercial use in remote locations or areas with unstable power supply

Product Features

enook Customized Battery Pack is designed to meet the diverse needs of customers. The following features make it stand out from other battery packs:

Customizable: The battery pack can be customized according to the specific requirements of customers, including battery capacity, size, and shape. This allows for more flexibility in meeting different application needs.

Long-lasting: Made with high-quality lithium-ion cells, the battery pack has a long lifespan and can be recharged for hundreds of times. It also has a self-discharge rate of $\leq 5\%$ in 25 , ensuring its reliability even after long periods of storage.

Lightweight: The weight of the battery pack can be customized to suit different purposes. Whether you need a portable power solution for outdoor activities or a compact backup power source for your electronic devices, enook Customized Battery Pack can meet your needs.

Certified: The battery pack is certified by CE, FCC, and RoHS, ensuring its safety, quality, and environmental friendliness. You can trust enook to provide a reliable and eco-friendly power solution.

Order Your Customized Battery Pack Today

Don't settle for one-size-fits-all battery packs that may not meet your specific needs. Choose enook Customized Battery Pack for a personalized and reliable power solution. Contact us now to discuss your requirements and place your order!

Application

Our products have a very widely range of use

A

The battery pack can be used in electronic vehicles, tricycles, ebike, solar energy storage system, camper, cans, electronic boat, marine ship etc.,

E-Scooter

Balance E-scooter

E-Bike

E-Motorcycle

Golf Cart

RC Drone

Solar Street Light

SolarWind Energy

Mobile Headlight

Waterpump

Power Tools

Stereo Set

B

We use high quality cells, such as 18650 21700 batteries, we use different cells for different applications

C

We have been in lithium battery pack for more than 10 years and know how to provide you the right solution for you. Just let us know your detail application and request then we will choose the best solution for you.

Packing and Shipping:
